

Addendum No. 2

FISHING HARBOR SEWER PLANT TEMPORARY EQUIPMENT INSTALLATION & RENTAL

February 11, 2025

1. CHANGES TO BID FORM:

- a. The **Bid Form** has been modified by adding new bid items and deleting language referring to drawings. These items are to include the removal/demobilization of the rental equipment once the project is complete. A revised **Bid Form** is attached to this **Addendum No. 2**.

2. EFFLUENT QUALITY EXPECTED:

- a. The permit from the Texas Commission on Environmental Quality (TCEQ) for the existing Plant is attached to this **Addendum No. 2**, providing permitting requirements, including the expected effluent quality parameters. The existing Fishing Harbor Wastewater Treatment Plant is currently operating under this permit.
